

## TWO KILLED IN CLASH

Strikers Fire on the Strike  
Breakers in a Pitched  
Battle

DETECTIVES VICTIMS

Dozen Other Men Wounded,  
One of Them in 23  
Places

Hackensack, N. J., Dec. 12.—Several hundred striking Erie railroad employees ambushed under the Palisades, opened fire with shotguns and rifles on a boat load of strike-breakers landing at the coal docks in Edgewater yesterday, and in a pitched battle following, two railroad detectives were killed, and a dozen other men wounded.

General Superintendent Stowe, who escaped a storm of bullets while seeking shelter, telegraphed the acting governor of New Jersey, requesting that state militia be called out.

The dead men are Andrew J. Graw of Binghamton, N. Y., and captain of detectives, Clarence Miller. One of the wounded men, William Hicks, is in a hospital with 23 wounds in his legs, body and thighs.

The strikers first fired cartridges to frighten the strike-breakers and then fired bullets. They attempted to swarm out on the wharf, when private detectives attacked them with clubs and were met by a fusillade.

Three hundred employees of the Erie road quit work Monday, demanding a wage increase of five cents an hour. In the clash Tuesday between the strikers and detectives, a detective was slightly wounded.

### Shamrocks Won at Hardwick.

Before one of the largest crowds that have ever turned out to witness a basketball game in Caledonia county the Shamrock A. A. of this city defeated the Adelphi club of this city defeated night by a score of 30 to 10 in a fast and rough struggle. The Barre team journeyed to Hardwick without the services of its star guard, Bill Stuart, his place being filled by Browne, the Spaulding athlete, who was drafted into service at a late notice. His work proved a sensation at a backfield position and it was his eternal vigilance that prevented the Hardwick forwards from invading the Shamrock territory.

The team work of the Barre club was clearly superior to that of the Adelphi aggregation. Carroll, Grady and Browne starred for the Shamrock, while Kingsbury and Sanford excelled for the Hardwick team.

The summary:

Shamrocks Hardwick.  
Browne, rg. .... Bell  
Osgood, lg. .... H. Lyons, C.  
Carroll, c. .... C. Sanford  
Hagan, rf. .... H. McLeod  
Grady, lf. .... rg. Kingsbury  
Shamrocks 30, Hardwick 10. Baskets from the floor—Browne 3, Hagan 3, Osgood 3, Carroll 2, Grady 2, Lyons, Kingsbury 2. Baskets from fouls—Carroll 4, McLeod 4, Referee—Marianne, Umpire—Russell. Scorer—Mackie. Time 25-minute periods and 1 ten-minute period.

### Thief Gets 10,000 Nickels.

New York, Dec. 12.—After saving up nickels since 1889, Mrs. Emily Kuhn lost the entire bagful—10,000 in all—to a burglar last night. A collection of German coins was not touched.

Grace Pickett of Woodbury, 10 years old, had two fingers of one hand cut off a few days ago while assisting a neighbor's boy in chopping kindling wood. She attempted to pick up a stick of wood when the hatchet slipped and cut her hand. The injury was dressed at the hospital.

How to Have the Best Cough Syrup and Save \$2, by Making It at Home.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add 1½ pints of warm water and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2½ ounces of Pinex (50 cents worth) in a pint bottle and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for \$2.50. I keep it perfectly.

And you will find it the best cough syrup you ever used—even in whooping cough. You can feel it take hold—usually stops the most severe cough in 2 hours. It is just laxative enough, has a good tonic effect, and taste is pleasant. Take a teaspoonful every one, two or three hours.

It is a splendid remedy, too, for whooping cough, croup, hoarseness, asthma, chest pains, etc.

Pinex is the most valuable concentrated compound of Norway white pine extract, rich in ginseng and all the healing pine elements. No other preparation will work in this formula.

This recipe for making cough remedy with Pinex and Sugar Syrup is now used and printed in thousands of homes in the United States and Canada. The plan has often been imitated but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

## SNAPSHOTS AT NOTABLES

Crown Prince Constantine,  
Chief of the Greek Army.

The remarkable successes of the Greeks against the forces of Turkey may be in part explained by the military skill of their leader, Crown Prince Constantine; also must be taken into account their inborn hatred of the Turk and the remembrance of past cruelties. Like their Balkan allies, the hope of driving the Turk across the Bosphorus and forever ridding Europe of the Mohammedans as a political factor has animated them in their advance against the forces of the Sultan.

Crown Prince Constantine, duke of Sparta, received his military training in Germany and is an accomplished soldier. A few years ago he was deprived of his command of the Greek army by the machinations of a military junta which disliked his ideas of discipline. Constantine had arranged to enter the service of the Russian czar when the national legislature at Athens restored him to power.

He resumed his place at the head of the army with increased prestige and influence and has reawakened in the Hellenes that heroism that enabled them to win their independence from the Turks nearly a century ago. The crown prince is married to Princess Sophia of Prussia, sister of the kaiser, whom she offended years ago by becoming a convert to the Greek national church. Constantine's mother is a daughter of Grand Duke Constantine of Russia. He is fifty-four years old.

### Mrs. Cleveland at Wed.

Frances Folsom Cleveland, widow of Grover Cleveland, twice president of the United States, who is to wed Thomas J. Preston, professor of archaeology and the history of arts at Wells college, is forty-eight years old. It is twenty-six years since she went to Washington to become the "White House bride," the only wife of a president to be married in the official mansion and the youngest woman who ever stepped into the post of first lady of the land.

After his retirement from the presidency Mr. Cleveland made his permanent home in Princeton, and Mrs. Cleveland has continued to reside there since the former president died in 1908.

### MRS. FRANCES F. CLEVELAND.

Her two daughters, Esther and Marion, and her son, Richard F., are living with her there.

Professor Preston is fifty years of age and is a graduate of Princeton university. He began his studies at Columbia university, but ill health forced him to give up a college career at that time. He went into business and acquired a fortune. Then, although nearing forty, he gave up business and went abroad to study. Returning to America, he took a two years' course at Princeton, and after he received his degree he was called to his present professorship at Wells college, Aurora, N. Y. Although Mrs. Cleveland first met Professor Preston at Princeton, the college where he now serves is the one from which she was graduated many years ago. She has been a trustee of the institution for several years.

Rev. Thaddeus A. Sively for 15 years the rector of St. John's Episcopal church, Troy, N. Y., who died in Chicago last Thursday, has spent several summers at Old Bennington. Mr. Sively founded St. Chrysostom's church in Chicago and voluntarily resigned in 1908, announcing that the last of mourning was making over. PARISIAN Sage is the favorite of refined women. ingham, Mass., last Monday after sev-  
eral weeks' visit at the home of her  
parents, Mr. and Mrs. S. H. Packer.

Several from this town attended the  
funeral of the late Lyle A. Tucker at  
Plainfield last Sunday. Much sym-  
pathy is extended to the bereaved fam-  
ily of Mr. Tucker.

Mrs. Amasa C. Tucker was unable  
to attend the funeral of her son, Lyle, on  
account of ill health.

Miss Ella Wilson, who has been ill  
with mumps at the home of her cousin,  
Miss Amy Cameron, since Thanksgiving,  
returned to her home in Hardwick  
last Monday.

Oakley Collins has been ill with chick-  
enpox, and the Collins girls are out of  
school in anticipation of the disease.

## WATCH YOUR HAIR, LADIES

Eternal Vigilance Is the Price of  
Luxuriant and Radiant Hair

If dandruff germs are devouring the  
nourishment that belongs to the hair,  
it will soon begin to fall. Furthermore,  
it will lose its life and lustre and will  
become dull, faded, and even gray.  
If you have any signs of dandruff,  
get a 30-cent bottle of PARISIAN Sage.  
This delightful hair tonic is guaranteed  
by the Red Cross Pharmacy to kill dan-  
druff germs, clean the head of filthy dan-  
druff, stop itching hair and itching scalp,  
and preserve the color and beauty, or  
money back. And it does just what  
it is guaranteed to do and that's why  
its sales are so enormous the country  
over. PARISIAN Sage is the favorite  
of refined women. One bottle proves its  
superiority.—Adv.

### GLASS IS PECULIAR.

It Has a Number of Curious and Con-  
tradictory Qualities.

Glass is one of the most interesting  
as well as one of the most peculiar  
things in the world. It has curious and  
contradictory qualities, and many as-  
tonishing phenomena are connected  
with it. Brittle and breakable as it is,  
yet it exceeds almost all other bodies  
in elasticity.

If two glass balls are made to strike  
each other at a given force the recoil,  
by virtue of their elasticity, will be  
nearly equal to their original impetus.  
Connected with its brittleness are some  
very singular facts.

Take a hollow sphere with a hole and  
stop the hole with the finger, so as to  
prevent the external and internal air  
from communicating, and the sphere  
will fly to pieces by the mere heat of  
the hand. Vessels made of glass that  
have been suddenly cooled possess the  
curious property of being able to re-  
sist hard blows given to them from  
without, but will be instantly shattered  
by a small particle of dirt dropped into  
their cavities. This property seems to  
depend upon the comparative thickness  
of the bottom: the thicker the bottom  
is the more certainty of breakage by  
this experiment. Some of these vessels  
it is stated, have resisted the stroke of  
a mallet given with sufficient force to  
drive a nail into wood, and heavy bod-  
ies, such as iron, bits of wood, Jasper-  
stone, etc., have been cast into them  
from a height of two or three feet with-  
out any effect, yet a fragment of flint  
not larger than a pea dropped from a  
height of three inches has made them fly.

Piling It On.  
"Thompson's cow got into my gar-  
den and ate all the grass off the lawn."  
"What did he do?"  
"Sent me a bill for using his cow as  
a lawn mower."

Original.  
"Was there anything original in his  
speech at the banquet?"  
"Well, he admitted that he knew he  
was to be called on."—Detroit Free

### RANDOLPH.

Harley Bruce Died Yesterday Morning  
of Typhoid Fever.

Harley Bruce, who has been ill at  
the sanatorium for several weeks with  
typhoid fever, died on Wednesday morn-  
ing at 3 o'clock. Mr. Bruce was first  
taken ill at the home of his mother on  
School street and there being no one  
there to care for him he was taken to  
the sanatorium. He gained no relief and  
his fever soon developed into typhoid.  
Mr. Bruce's mother was taken to Chi-  
cago to the home of her daughter several  
weeks ago, leaving the family alone.  
Mr. Bruce was the son of Warren and  
Sarah (Forbes) Bruce and was born in  
Roxbury 54 years ago. Most of his  
life has been passed in this vicinity, he  
having sometimes passed a few months  
away, but eventually drifted back to the  
home of his parents. Mr. Bruce former-  
ly married Ada Smith of Roxbury, with  
whom he has not lived for several years.  
He is survived by two sisters, one living  
in Omaha, Neb., and another, with whom  
the mother is at Chicago, Ill. One  
brother also survives him and lives in  
Clementon, N. H., and a nephew, Charles  
Bruce, who had lived with him for years.  
The remains were at once taken to the  
undertaking rooms of A. F. Lamb, where  
they will await the arrival of the brother,  
who was at once notified of his death.

A. W. Paine of Fairlee arrived here on  
Wednesday to visit his sister, Mrs. E. P.  
Libbey.

Fern Rebekah lodge held a pleasant  
and profitable meeting at the Odd Fel-  
lows hall on Tuesday night, when, after  
the usual business, the nominations for  
officers for the next year were made,  
following which four candidates were  
initiated. After the initiatory cere-  
monies, the company, to the number of 30,  
went to the Childs' restaurant, where a  
fine banquet was served to members and  
guests.

Mr. and Mrs. Clarence Moulton of  
Montpelier were the over Sunday guests  
of Mrs. Justin Moulton, and her daughter,  
Miss Mary Moulton, who soon leave  
here to pass the winter in Mount Ver-  
non, N. Y., with Mr. and Mrs. Arthur  
Lane.

Miss Edna Gabree, who has finished  
her season's work as milliner for Miss  
Flora Bell, went to South Royalton,  
Wednesday to visit a friend, before  
going to her home in Montpelier, the  
first of the week.

## CLEAN YOUR LIVER AND 30 FEET OF BOWELS WITH "SYRUP OF FIGS"

More Effective than Calomel, Castor Oil or Salts; Gently Cleanses  
the Stomach, Liver and Bowels Without Nausea or Grip-  
ing. Children Dearly Love It.

You know when your liver is bad,  
when your bowels are sluggish. You  
feel a certain dullness and depression,  
perhaps the approach of a headache,  
your stomach gets sour and full of gas,  
tongue coated, breath foul, or you have  
indigestion. You say: "I am bilious  
or constipated and I must take some-  
thing to-night."

Most people shrink from a physic—  
they think of castor oil, calomel, salts  
or cathartic pills. They are afraid to  
take them. It is different with Syrup of Figs. Its  
effect is as that of fruit; of eating coarse  
food; of exercise. Take a teaspoonful  
of delicious Syrup of Figs to-night and  
you won't realize you have taken any-  
thing until morning, when all the  
clogged-up waste matter, sour bile and  
constipation poisons move on and out  
of your system, without gripe, nausea,

or weakness. Nothing else cleanses and  
regulates your sour, disordered stomach,  
torpid liver and thirty feet of waste-  
clogged bowels like gentle, effective  
Syrup of Figs. Don't think you are  
drugging yourself. Being composed en-  
tirely of luscious figs, senna and aro-  
matic, it cannot cause injury.  
If your child is cross, sick and fever-  
ish, or its little stomach sour, tongue  
coated, give Syrup of Figs at once. It's  
really all that is needed to make chil-  
dren well and happy again. They de-  
arly love its pleasant taste.

Ask your druggist for the full name,  
"Syrup of Figs and Elixir of Senna,"  
and look on the label for the name—  
California Fig Syrup Company. That  
and that only, is the genuine. Refuse  
any other fig syrup substitute with con-  
tempt.—Adv.

## THE C. BAU STUDIO PHOTOGRAPHERS

189 North Main Street Barre, Vermont

We have just completed a large assortment of sample work, which can  
be seen at entrance of Currier building, 189 No. Main street. One section  
is finished in the sepia, another on the buff stock. Both styles are very  
popular at present. Our yearly calendar, which we give away free to  
every customer ordering \$6.00 worth of work or more, is especially attrac-  
tive this year. Same is fitted with one of your photographs in the sepia  
finish.

One style of folders we carry and which is very neat and practical  
is imported from Germany.

Fine enlargements of any size our specialty. Kindly make appoint-  
ments for sittings at an early date, and we like to impress on everyone  
wanting a first-class photograph of children to come early in the after-  
noon, while the light is good—if possible not after 2:30 p. m. The fore-  
noon is always the best, if convenient.

Yours respectfully,

C. BAU.
